On behalf of Defendants

21 REPORTED BY: William J. Counts

Ceceilia Davoli, M.D. - 11/21/03

<p style="text-align: right;">174</p> <p>1 responsibility for ascertaining whether there was a 2 problem?</p> <p>3 A During -- this paragraph is about the 4 blood being taken with a needle from the vein, and 5 the needle usually hurts. To minimize only 6 experienced personnel will draw the blood. And if 7 anything unexpected happens during the course of 8 having that blood drawn, a doctor from the study 9 will take care of any immediate need.</p> <p>10 Q Okay. On page five it says at the top, 11 "The benefits to your child of letting us find out 12 if they are eligible for the TLC study are that we 13 will look carefully at your home to identify lead 14 hazards and tell you about it."</p> <p>15 The "we" in this case is Kennedy 16 Krieger, isn't it?</p> <p>17 A May I just think for a second?</p> <p>18 Q Strike that before you answer that. How 19 many of these meetings did you sit in on?</p> <p>20 A Well, I can't give you an exact number.</p> <p>21 Q Well, was it more than 20?</p>	<p style="text-align: right;">176</p> <p>1 consent form, didn't you?</p> <p>2 A Yes.</p> <p>3 Q Okay. So one would assume when something 4 is in here you know what it is supposed to mean, 5 isn't that correct?</p> <p>6 A That is correct. I was going to answer 7 the question, but I was thinking.</p> <p>8 Q Let me reask the question. The "we" in, 9 "We will look carefully at your home to identify 10 lead hazards and tell you about it," the "we" is 11 Kennedy Krieger, isn't it?</p> <p>12 A Well, not exactly. This was a standard 13 consent form that was used in all of the four 14 centers that were participating in the TLC study. 15 So the "we" in general meant the environmental arm 16 of the study, the people who were in the 17 environmental arm of the study within each of the 18 centers. So in the Baltimore center it would have 19 been the employees who were within the -- who were 20 doing the environmental arm of the TLC study. In 21 general it meant an environmental worker from the</p>
<p style="text-align: right;">175</p> <p>1 A Visits in general, or this type of visit?</p> <p>2 Q How many people did you sign up?</p> <p>3 A My recollection, how many did I personally 4 sign up?</p> <p>5 Q How many of these meetings did you sit 6 through approximately?</p> <p>7 MR. DEVRIES: Regarding the consent form?</p> <p>8 MR. THALENBERG: Yes.</p> <p>9 A How many of these visits where a 10 pre-enrollment consent form was signed?</p> <p>11 Q Yes. How many did you sit through?</p> <p>12 A I can't tell you. More than 20, but I 13 can't give you another number.</p> <p>14 Q Was it more than a thousand?</p> <p>15 A No, sir.</p> <p>16 Q More than a hundred?</p> <p>17 A Possibly.</p> <p>18 Q Did you receive training in how to conduct 19 these meetings before you conducted them?</p> <p>20 A Yes.</p> <p>21 Q And you had input into preparation of this</p>	<p style="text-align: right;">177.</p> <p>1 TLC study. It wasn't necessarily Kennedy Krieger in 2 the other centers.</p> <p>3 Q I didn't ask you about the other centers.</p> <p>4 In your meeting with Veronica Scott, when you are 5 reading this to Veronica Scott and it says, "We will 6 look carefully at your home to identify lead hazards 7 and tell you about it," in this context the "we" is 8 Kennedy Krieger?</p> <p>9 A In this particular form it would have been 10 someone in the environmental arm of the TLC study, 11 yes, who was employed by Kennedy Krieger.</p> <p>12 Q When you are doing these meetings -- 13 strike that. Do these take place in the clinic?</p> <p>14 A When you say the word "meeting," are you 15 referring to a clinic, this visit, this visit during 16 which the trial pre-enrollment form is signed?</p> <p>17 Q Right.</p> <p>18 A Yes, this would have been a clinic visit, 19 yes. And it would have taken place -- the Baltimore 20 center was comprised of three clinical sites. One 21 was at Kennedy Krieger Institute, one was at Johns</p>
