21 REPORTED BY: William J. Counts

Ceceilia Davoli, M.D. - 11/21/03

178	<p>1 Hopkins Hospital and one was at the University of 2 Maryland. And I worked exclusively in the Kennedy 3 Krieger Institute. However, occasionally there 4 would be children from the other sites seen within 5 that clinic. This particular meeting did occur 6 within the Kennedy Krieger Institute.</p> <p>7 Q When you were in the clinic did you 8 customarily wear a white coat?</p> <p>9 A It is my practice to wear a white coat 10 when I am in the clinic. If you are asking me 11 between 1994 -- excuse me, on this date 8/29/95, I 12 don't know if I was wearing a white coat or not, but 13 it is my general practice to wear a white coat.</p> <p>14 Q Does it have your name stitched on it?</p> <p>15 A Yes, sir.</p> <p>16 Q Does it say "Dr." or "MD"?</p> <p>17 A It says Cecilia Davoli, MD.</p> <p>18 Q Usually you are wearing a white coat that 19 says "Dr." on it is it fair to say?</p> <p>20 A It says MD.</p> <p>21 Q Medical doctor. Doctor, let's go to the</p>	180	<p>1 eligible, then next the consent form is signed, the 2 enrollment form, isn't that correct?</p> <p>3 A Not at this visit. It would not have 4 been --</p> <p>5 Q No, the next visit. Isn't that true?</p> <p>6 A I can't remember exactly. My recollection 7 is -- can you tell me what the visit number was for 8 this, when this one was signed?</p> <p>9 Q When this one was signed or the next one?</p> <p>10 A When this one was signed.</p> <p>11 Q This was on August --</p> <p>12 A No. What was the name of the visit, what 13 was the code for the visit.</p> <p>14 Q August 29th was the --</p> <p>15 A Is there a V?</p> <p>16 Q V1, all of that kind of stuff?</p> <p>17 A Yes.</p> <p>18 Q No. This one doesn't have that.</p> <p>19 A So subsequent to this visit -- I can 20 answer this in general.</p> <p>21 Q In general.</p>
179	<p>1 next one. It says, "If your house doesn't qualify, 2 we will offer you any information we have about ways 3 to relocate your family to housing that is known to 4 be lead safe."</p> <p>5 "We," again in that context, is 6 Kennedy Krieger, isn't it?</p> <p>7 A It would have been, yes, people working 8 within the TLC study that worked at Kennedy Krieger.</p> <p>9 Q Did Kennedy Krieger have access to housing 10 that was lead safe?</p> <p>11 MR. DEVRIES: What do you mean by 12 "access"?</p> <p>13 Q Did they have a list of housing that was 14 lead safe?</p> <p>15 A Yes, we did have a list. It was a list -- 16 my recollection is it was a list from the Coalition 17 to End Childhood Lead Poisoning.</p> <p>18 Q It also says in the next paragraph, "We 19 will clean up the lead if it looks like your house 20 and child are eligible."</p> <p>21 Now if the house and child are</p>	181	<p>1 A It would be subsequent to this visit the 2 enrollment form would be signed, but I cannot tell 3 you for sure. I would have to look at the chart to 4 see if there was a visit in between this visit and 5 the visit where the enrollment form was signed. I 6 just can't remember exactly.</p> <p>7 Q But generally if the house and the child 8 were deemed eligible, then the enrollment form is 9 signed, is that correct?</p> <p>10 A The enrollment form was a separate consent 11 form. The parent would have to be interested in 12 participating. It wasn't automatically signed after 13 this form was signed. There would be some things 14 that happened between the signing of this form and 15 the signing of the enrollment form.</p> <p>16 MS. KLEIMAN: If it helps the enrollment 17 form is signed V2.</p> <p>18 A So V2 would be when an enrollment consent 19 is signed. There would be some type of visit 20 between those two. That to my recollection would 21 occur not in the clinic.</p>
