## TLC Trial Form VITDIARY.00 Vitamin Diary

*INSTRUCTIONS: TLC personnel will fill in date of visit, date and day of week on calendar.*

This study will test a new medicine for the treatment of lead exposure in children. Before the trials begin, each child will be asked to take a special chewable multi-vitamin once a day for five weeks.

Please mark a ✓ on this form each day that your child takes a vitamin.

If your child is unable to chew or swallow a pill, ask the coordinator for a free pill crusher so that the vitamin can be mixed into food or drink.
